## **What information is collected and how is it used?**

There are three kinds of information collected by the MiniSun.

**Website Access Information** - Website Access Information is anonymous data that MiniSun uses to administer the website. This information is compiled into a statistical aggregate and used to track website usage, diagnose problems and improve the website for your future usage. Website Access Information collected includes your domain name, your IP address, and your browser type. None of this information is connected to your Personal Information. When you enter our site you are anonymous and will remain that way unless you register, login, or select to provide us with personal information such as on the feedback form. MiniSun uses WebTrends Live to gather and track website access information. Following is WebTrends Live Privacy Policy:

---

"WebTrends Live is used to analyze traffic to this web site. WebTrends Live does not create individual profiles for visitors. Unlike some tracking services WebTrends Live does not have a database of individual profiles for each visitor. WebTrends Live only collects aggregate data. For more information about WebTrends Live privacy policy, please click [here](#)."

business with you which includes responding to your inquiries, sending e-mail updates about MiniSun and its products, processing orders, sending products, and processing and reporting requested data.

**Patient Information** - This is information that includes your patients name that you select to send to MiniSun for IDEEA processing and reporting. We collect the patients name, age, height, weight, medical information and physical activity. Information identifying your patient by name will only be sent back to you and any staff you authorize to have access. Patient Information is used by MiniSun to process and reported back to you the results of an IDEEA Recording session. Patient Information is used by MiniSun to process and report back to you the results of a test, and for future analysis and comparison.

## **Does MiniSun disclose information it collects to outside parties?**

MiniSun does not provide or sell Personal Information, credit card information or Patient Information to any other organization. MiniSun does provide statistical analysis of the IDEEA database collected from different users. Under no circumstance will this summarized IDEEA information contain data that will disclose the identity of a patient.

## **Security**

The MiniSun website has implemented security measures to protect the loss, misuse and alteration of information under our control. MiniSun limits access of information to only those employees with a need to know. MiniSun processes web orders with Secured Socket Layer (SSL) encryption to protect your information.
